

Parols Eisenhower Bids Simultaneous Freeze on Active; Reds For Germany Aid 8,000,000 Prices Slated Drive Bombs In Defense Plan

to Sunday, Jan. 21 (P)—An allied patrol today started a drive to clear the area of elements of an enemy force which had been reported to have moved from the Korean front.

Major General, however, was southeast of Wonju. Six major divisions at heavy cost in casualties were reported to have been destroyed for the plans of southern.

which said the patrol was working to clear the area of elements of an enemy force which had been reported to have moved from the Korean front.

FRANKFURT, Germany, Jan. 20 (P)—General Eisenhower extended the hand of friendship to West Germany today and invited the former enemy to help him ward off Russian communist aggression.

"Bygones are bygones," he said. "I bear no enmity against Germany and especially against the German people. . . I believe in the essential freedom-loving quality of the German people."

It was one of the warmest speeches the general has made on a tour of investigation around the European nations of the North Atlantic alliance.

General Eisenhower flew here from Luxembourg—there he had French ambassador, who was met him at the Rhine—made final visit in World War II.

WASHINGTON Jan. 20 (P)—The office of price stabilization (OPS) today aimed at a simultaneous freeze of about 8,000,000 prices by the end of the coming week.

If they fail to issue the order by that time, OPS officials think it will be largely because of formalities and mechanical details—and not disagreement over policy.

General controls would apply to 8,000,000 different prices and three of four million companies.

Today the White House was preparing to issue an executive order changing the whole stabilization setup.

Action Is Taken for Starting Blood Bank

A movement to form a community blood bank at the Magic Valley Memorial hospital was started Friday noon at a meeting of community representatives at the Rogerson hotel.

A community blood bank would have blood donated by people in the community and would replace blood now used at the hospital.

The purpose of a community blood bank, as described at the meeting, is to provide a means of blood procurement for civilian defense.

Twin Falls Was Younger... High Bridge Was Constructed Across Snake River Canyon

A small gap remained in the rim-to-rim bridge over Snake River when this photo was taken on Aug. 21, 1927. Twin Falls was reached with interest as the bridge neared completion. For years it was a toll bridge until the state purchased the structure in 1928. About two years ago the span was renamed the Perrine Memorial bridge. (Blaise photo—staff engraving)

Icy Highway Causes Dual Truck Crash

BURLEY, Jan. 20.—Three trucks, two of them loaded with cattle, were involved in a collision at 4:30 a.m. Friday at Strevell.

One of the trucks, owned by the Myron Welch company, Salt Lake City, and driven by George Robert Zellmaier, 37, of Salt Lake City, hit an icy spot and spun around in the highway.

Parked in front of a service station was a loaded cattle truck belonging to Paul Fife, 52, Brigham City. The sliding Salt Lake City truck collided with the Fife truck, knocking the latter into the borrow pit. Scudding across the highway, the Salt Lake City truck then collided with a livestock truck belonging to the Weaver Livestock Transportation company, Twin Falls, and driven by Gene H. Davis, 22, also of Twin Falls.

No one was injured in the double crash but \$1,600 damage was done to the Myron Welch truck, \$50 to the Fife truck and \$600 damage to the Twin Falls truck.

The accident was investigated by State Patrolman Marvin Snyder. Snyder also investigated an accident at 7 a.m. Tuesday on highway 30 near the Springdale curve. An automobile driven by Ralph B. Keller, 29, Dayton, Ore., hit an icy spot and turned over. Snyder said. One of the four passengers, Mrs. Mill

Gooding Erupts to Trip Oakley As Rupert, Burley Win Easily

The determined Gooding Senators broke into the win-column for the first time this season Friday night by defeating the Oakley Hornets 41-37 at Gooding in the Big Seven conference feature game of the evening.

In other action, the Rupert Pirates got sweet revenge from the Jerome Tigers, 68-24, at Rupert, and the Burley Bobcats raced by the Buhl Indians 58-38 at Buhl. The Filer Wildcats drew a bye in conference play.

Coach A. Vincent Carter's Gooding Hoopsters, denied in their last two conference games by narrow one and two-point margins, went all in the way against the Hornets. It was a tough battle, as the lead five or six times back and forth.

Gooding held a 17-10 first quarter lead and a 30-20 margin at the half. Oakley went in front 32-29 at the start of the final frame, but the Senators caught fire again at the end of the third quarter. Oakley center, topped high scoring honors with 17 points. Gooding's scoring was divided among all seven players, while Woodhouse topped Oakley with eight.

The Rupert Pirates used their fast break offense against the single post of Jerome to take a walk-away win. It was a game Coach George Hayes' career had waited for since the district basketball tournament when Jerome captured the tournament championship with a stunning upset win over Rupert.

Abbie Triguera and Clyde Pickett led the way for Rupert with 22 points each. Billy Hayes was held to five points. Rupert jumped away for a 4-4 first quarter lead and by the time the final quarter started, held a 17-0 margin. Only one player, off the starting Rupert quintet, Wania, made a point, a free throw. Rupert's junior varsity took a

37-13 win in the preliminary. Buckley scored 14 points for the Pirate zealots.

Burley had too much all-around power for the Buhl Indians in a spirited contest at Buhl. Burley fired away for a 28-18 first half lead, and led the game with a 21-point surge in the third quarter to six for Buhl.

Big Don Smith led Burley with 19 points. Reynolds was high for Buhl with 10. Buhl's junior varsity, one of the top outfits in Magic Valley, defeated Burley 20-23, Coach Earl Arnold's quintet was paced by starlet with 10 points, while Jolly failed nine for Burley.

Pro Grid Owners May Alter Looers

CHICAGO, Jan. 20 (AP)—The National football league today began consideration of proposed re-alignment of its American and National divisional team makeup.

Indicating that the re-shaping would turn into a long-drawn-out, whodunnit was the fact the owners adjourned after a three-hour session without making any announcements. They were due to resume the debate later.

Four of Five Car Crashes Begin on Ice

Four of five crashes investigated Saturday in Twin Falls county were blamed on icy roads and slick tires. The first involved a Studebaker truck driven by Everett Bernheim, route 2, Puna, followed by an International truck driven by George P. Clark, route 1, Bush, on highway 30, east of U. S. highway 30 at 10:30 a.m.

Clark told Sheriff Jase Carlson that Bernheim's truck came from the outside to the center line of the highway, he thought Bernheim was going to turn left. Instead, Bernheim turned to the right to enter the driveway of his home, placing his truck in the path of the Clark truck.

The right front end, fender, bumper, radiator and hood of the Bernheim truck were damaged. The sheriff said, as were the left fender, bed and left rear tire of the Clark truck.

Also investigated by sheriff's officers was a collision between a 1941 Chevrolet sedan driven north by Helen L. Hansen, 210 First avenue west, and a 1941 Plymouth sedan driven south by Elizabeth Duensing, route 2, at 12:35 p.m. on a curve south of the rock creek bridge south of Five Points east.

Officers said Duensing applied his brakes and skidded against Hansen's car. The left front fender of the Duensing car was damaged. The left door body and rear fender of the Hansen car were damaged.

Collisions at Center
A collision at 1:28 p.m. at the corner of Fourth avenue and Second street involved two 1941 Mercury sedans, one driven by Miles W. King, 11 1/2 Washington court, and the other driven by ROSE D. Allen, R. 2, route 3. King was turning to the right. Duensing was confined to bed, and hospitalized.

An Oldsmobile sedan driven by Frances W. Richmond, Veterans apartments, was not damaged in a collision with a Chevrolet sedan driven by George A. Hansen, 124

L. W. Hyde Will Head City Labor Council for 1951

L. W. Hyde was elected president of the Twin Falls Central Labor Council Friday night at its annual election meeting. He will replace George Crowder, who was elected vice president.

The council passed resolutions calling for appointment of a representative on the Twin Falls Safety Council and a telegram to be sent to the Idaho Safety Council commending it on its work during the past year.

Other officers of the council are: W. V. Erickson, recording secretary; Leo Malberg, financial secretary and treasurer; and Ella Houston, general-at-large. New trustees are W. L. Hendricks, Frank Olesler and D. E. Barlett.

Clerks Needed in Washington Jobs

There is an urgent need for stenographers and typists for civil service positions in Washington, D. C. Agents, a Sturgeon, Magic Valley civil service secretary, announced Saturday.

The stenographer positions pay from \$2,450 to \$2,975 a year and the typist positions pay \$2,450 to \$2,975 a year. No experience is required and those who show ability will have promotion opportunities.

Further information and application forms may be obtained from Miss Cronin at the Twin Falls office or from the regional director, civil service commission, room 307, Federal office building, Seattle 4.

Shoshone, at 11:50 a.m. near the corner of River avenue and Blue Lake boulevard north. The front of the Tanaka car was damaged. Hansen was driving behind the other vehicle.

Fenders were damaged in a collision at 1:28 p.m. in the 500 block of Main avenue south between a 1930 Ford sedan being driven away from the curb by Bertha R. Mower, 124 Blue Lake boulevard, and a 1941 Buick sedan driven by John Savage, Murtagh.

Mrs. Dilworth Dies at Age 61; Native of Utah

CAREY, Jan. 10.—Mrs. May Dixon Dilworth, a resident of Carey for 22 years, died Saturday morning at the home of a daughter, Mrs. Olive Cooper, in Boise. She was 61.

Mrs. Dilworth had been ailing for several years and had been in a hospital for several months in a Boise hospital prior to her death.

She was born Dec. 15, 1886, in Park City, Utah, and came to Carey in 1926 with her parents.

She married Ernest Dilworth Jan. 12, 1910, at Halley. Later they were married at the Salt Lake City temple.

She was a member of the LDS church and formerly worked in the Primary association.

Survivors include her husband; three sons, Asael, Don and Arlen Dilworth, all Carey; three daughters, Mrs. Rena Cooper and Mrs. Ella Stoddard, both Boise, and Mrs. Lorraine Taylor, Pocatello; 11 grandchildren and four brothers, Clarence, Lloyd and Vera Simpson, all Boise, and Ray Simpson, Carey.

Funeral services will be held at 2 p.m. Tuesday in the Carey LDS chapel. Burial will be in the Carey cemetery under direction of a Boise mortuary.

Traffic Fines

Dr. G. T. Luke was fined \$2 in police court Friday for parking a car on the wrong side of the street. R. Larson was fined \$2 Saturday for improper parking.

Paying \$1 each Friday and Saturday for improper parking were: Paul Cox, Mrs. Ray L. Wells (two), G. T. Newcomb, G. V. Telford, Dean Halverson, Bob Bankhead, Andy Anderson, motor company, T. H. Russell, Abbott Plumbing company, Ben Mottson, Roy Bright, John C. Hansen, Oale Roberts, Tim Robertson, Mrs. Anna Brown, W. P. E. Carpenter, Mrs. Head, G. M. Allen, Warren.

Pair of Divorce Decrees Granted in District Court

Extreme cruelty was grounds for divorce granted two Twin Falls people in district court Friday. Fred Denton was divorced from Alma Denton and Thelma K. Haskins from George H. Haskins.

In a decree divorcing the Dentons, a property settlement was approved by the court. They were married March 6, 1930, in Twin Falls and have no children, according to Denton's complaint.

J. H. Barnes was Denton's attorney.

Custody of a minor child was awarded Mrs. Haskins along with \$25 per month support money.

Mrs. Haskins, in a court division of community property, was given the couple's household furnishings while the husband was awarded an equity in a 1941 automobile.

The couple was married June 29, 1940, at Ketchum. Haskins filed a demurrer to his wife's complaint but later withdrew it and consented to default. His attorney was W. L. Dunn, Mrs. Haskins was represented by Earl S. Walker.

Mrs. Lassiter Is Paid Last Honor

Funeral services for Mrs. Bertha Lassiter were held Saturday afternoon at the Bethel Temple church, Twin Falls. The Rev. B. M. David officiated.

Three songs were sung by Mrs. Fred Wagner, Mrs. Everett Aldritt, Mrs. Sam Schuyler and John Esdary, accompanied by Mrs. Paul Roberts.

B. K. Aldritt read the scriptures and the obituary.

Funeral services were given by Mrs. Clarence Shidahl, Elmer Bremer, Mrs. Robert Earl-Ross and G. G. Van Winkle. Interment was made in the Twin Falls cemetery.

Bob Rigler, Bernard Hoffman, Mrs. W. P. Warner, Dr. Wallace Bond, Paul R. Bowman and Emory Warren.

Blaze Leaves Only Shell of Rural House

Closed doors and windows and the response of the Kimberly and Twin Falls fire departments were credited Saturday for saving the small house, owned by Paul Poulsgaard, three-fourths of a mile south of here from total destruction Friday.

The outer shell of the house was saved, but the interior was ruined by the intense heat, flames and smoke. Poulsgaard said insurance covered \$4,000 of the house and \$2,000 of the furnishings, but he was not sure if insurance would cover the total loss.

He lived in a furnished basement. Tenants upstairs, Mr. and Mrs. Jess Morrison, lost all of their personal belongings, none of which was covered by insurance.

Cause of the blaze is not known, although Poulsgaard said it may have been started by a faulty furnace.

The fire was discovered by the owner when he returned home at about 12:40 p.m. Friday. He and neighbors stood helplessly by until firemen arrived and then solved the problem of obtaining water to fight the fire.

Forfeits Bond

SHOSHONE, Jan. 20.—Ned Collier, Twin Falls, was arrested Monday night on a charge of public intoxication. She was taken to the Jerome county jail to appear in Shoshone's police court Wednesday. When she did not appear the bond was forfeited.

Life in MAGIC VALLEY

Many of their own telephone company is a dream come true for the residents of the Magic Valley. The Snake River Telephone Company, which was organized in 1930, has been successful in its efforts to bring telephone service to the Magic Valley. The company has been successful in its efforts to bring telephone service to the Magic Valley. The company has been successful in its efforts to bring telephone service to the Magic Valley.

Another example of everybody pitching in to help a neighbor comes from the Snake River Telephone Company. The company has been successful in its efforts to bring telephone service to the Magic Valley. The company has been successful in its efforts to bring telephone service to the Magic Valley. The company has been successful in its efforts to bring telephone service to the Magic Valley.

When the home of Mr. and Mrs. Fred Smith was burned to the ground last Sunday, it left the family with only the clothing they had on their backs and a few dollars that had been brought out of the burning building by Ralph Smith and Marion Fagundes.

Within a few hours after the fire church members and members of the Community Welfare committee were on the telephone soliciting things for the family. By nightfall they not only had a house in which to live but all the furniture needed to furnish the house and more clothing than the family could use.

Members of the WOCG did a wool combed to give to the family, members of the Relief society of the LDS church furnished clothing, and the Red Cross donated a bed and a set of dishes. Members of the welfare committee who helped the Smiths were Mrs. Mary F. Lamoyne, Mrs. Virgil Newwood, Mrs. Bob Gardner, Mrs. Ward Marline and Mrs. W. G. Trapper.

Morris Stokes, Jim Abbott and Bud Calina used their trucks to haul the things to the new home of the Smiths. It was on the Republican ticket that Frank L. Palmer was elected a member of the Snake River County Board of Commissioners. The Republican party is the one that has been successful in its efforts to bring telephone service to the Magic Valley.

Frank's uncle was 74 years old when he was elected to the Snake River County Board of Commissioners. He was a school teacher and saw his father, Amos Loper, appoint the first school board in the Snake River Valley. He was a school teacher and saw his father, Amos Loper, appoint the first school board in the Snake River Valley.

Here are two paragraphs from Dr. Giffman's booklet: "The Republican party was organized to meet a demand on the part of the anti-slavery people of the North and was founded upon the sole issue of the non-extension of slavery, and was a direct result of the introduction of the Kansas-Nebraska bill which was regarded as a measure to extend slavery to the territories." "The Republican party was born in Ripon, Wis., March 20, 1854, was christened by the state convention at Jackson, Mich., July 6, was nourished and grew in strength and power by the help it received from many other state conventions and arrived at the age of maturity when the national convention met in Philadelphia on June 17, 1856."

PROMOTED. CASTLEFORD, Jan. 20.—Mr. and Mrs. Parley Harmon have received word that their son, Alvin H. Harmon, has been promoted to lieutenant, senior grade, in the naval air force reserve. He is a resident of Valhalla, Calif., where he is a teacher of mathematics in the high school.

LAME BACK CORRECTION. It is a fact that backaches may be associated with rheumatism, arthritis, kidney trouble, stomach and kidney disorders. If you have tried everything else try adjustment. Relief is often obtained after first treatment.

DR. ALMA HARDIN CHIROPRACTOR. 128 Main North. Phone 2355. The fact, who was a companion of John Johnson in the mission to London, is returning again.

Spuds Available For Farm Users

RUPERT, Jan. 20.—Livestock raisers wishing to obtain potatoes for feed under the government potato support program may now get them for 10 cents a sack in bulk. Carl E. Meyer, chairman of the Minidoka county PMA committee, announced Saturday.

Previously it was necessary to make competitive bids in order to obtain potatoes for feed. Bids will not be required at the present time. Those desiring to purchase potatoes under this program may obtain full information at the county PMA office in Rupert.

LEAVE ON TRIP. KEEY, Jan. 20.—Mr. and Mrs. Parley Harmon have left for Alhambra, Calif., to visit Mr. and Mrs. W. McCartell.

Installation Held Budget in Gooding County Increased

GOODING, Jan. 20.—Hearing on the tentative budget for 1936 for Gooding county will be held at 10 a. m. Feb. 12. The budget calls for \$109,713 as compared to \$110,623 last year.

Budget amounts, compared to amounts allowed in 1935 (1931 figures first) are auditor, \$10,015; sheriff, \$14,842; assessor, \$10,045; clerk, \$14,842; treasurer, \$14,842; health officer, \$14,842; school superintendent, \$14,842; district court, \$14,842; probate court, \$14,842; coronator, \$14,842.

RETURN TO WORK. CAREY, Jan. 20.—Lawrence Smith, Carey, has returned to his work as the A22 plant at Arco following his release from the Shingum county hospital where he was treated for injuries sustained in a fall while at work on a building project.

HOW "MAN-MADE CLIMATE" ATTRACTS INDUSTRY TO YOUR COMMUNITY...

EVER HEAR of a "Man-Made Climate" for attracting new industry, building new jobs, increasing your hometown prosperity? It's happening in Idaho and the Snake River Valley right now. It's partly a product of laboratories—but primarily a product of the minds of men and women—in business, mining, farming, labor, trade and government. It's a happy wedding of individual enterprise, able state and local government, American freedom, and development of natural resources.

Idaho and the Snake River Valley already have built this good "climate" for industrial growth. And every one has a share in this progress that means more opportunity for everyone in the years ahead! Let's see what goes into this "good climate" for industrial growth.

Teamwork—Growth!

1. BE DEBT FREE. say the men who pick sites for their industries. Avoid unreasonably heavy state or local debts for which new industry might be taxed to pay off at a later date.
2. DEVELOP NATURAL RESOURCES. Idaho has made a fine start in processing plentiful natural resources... agricultural enterprises of all kinds, phosphate, cobalt, antimony, tungsten, lumber, lead, zinc, and new sources of water for irrigation, to name a few.
3. LEVY NO SPECIAL TAXES ON INDUSTRY. Give every possible encouragement to investment so that venture capital will flow into the area and stay here for development of our resources. There should be no penalties which discourage investments in local development.
4. OFFER PLentiful LOW-COST ELECTRIC POWER. In Snake River Valley electricity costs are substantially below the national average... with a dependable supply well ahead of the demand. In its 35 years of service, there has never been an industry lost to a community served by Idaho Power Company because electricity was "too little... or too late."
5. GOOD LABOR RESOURCES. TRANSPORTATION, roads, schools, and the availability of good markets are other important factors checked by new industry looking for a favorable location. As in other major advantages, "your area" measures up in these requirements.

Five major ingredients... that's what it takes for a "man-made climate" needed for industrial progress. If you could see the cooperative planning of businessmen, community, and state officials, and industry already established in developing this good "climate" for industrial growth, you would be amazed at the amount of research, fact-gathering and man-hours necessary to prepare information for an industry seeking a new home.

It's one of the jobs of the Idaho Power Company to join with other citizens in your area in providing information and stimulating interest among industries to locate in your growing Snake River Valley. Just write or call the Industrial Development Department of Idaho Power at Boise... or check with your local Idaho Power manager. They are ready to serve your community at any time.

REFRIGERATOR HAS "PLACE FOR EVERYTHING"

Meat and Seek storage is a thing of the past in the new Model H-92. Special Harvest Refrigerator with its 11 shelves and 3 drawers, opens to display over 16 feet of "front row" space in the Party-Door Model. Several meats can be prepared from its 20 lb. freezer. Chicken, Fresh Meat tray with its 11 lb. capacity and overalls can be stored in the 12-ounce to 12-quart of milk containers that hold over 100 quarts of big cuts of meat, poultry, mutton.

FBI Handles High Rate of Draft Probes

W. G. Banister, special agent in charge of the Boise office of the federal bureau of investigation, announced that the department's justice reports the FBI is currently receiving more than 2,000 cases per month alleging violations of the selective service act of 1940. Willful draft delinquents are being sought vigorously by special agents of the FBI.

Director J. Edgar Hoover of the FBI said Banister emphasizes that the primary purpose of investigations involving selective service is to secure compliance with the law rather than to prosecute violators. The aim is to provide personnel for the armed services.

Hoover disclosed that during the last six months the FBI has received for investigation attention nearly 8,000 cases involving alleged violation of the act. Registration, induction or compliance with the act have been effected in more than one-third of all cases received for investigation.

Since passage of the act, a total of 310 convictions resulted in all terms, fines or other penalties through Dec. 31, 1940. More than 500 other registrants were prosecuted for other federal offenses or turned over to federal and state authorities for other crimes.

In urging strict compliance with the draft laws, Hoover suggested all eligible men fully acquaint themselves with the provisions of the act. Many technical violations are caused, he said, by lack of appreciation and complete understanding of the requirements.

The FBI in each instance conducts painstaking investigations to locate individuals who have become delinquent with their local boards for various reasons, such as failure to register when required, fail to return questionnaires promptly, keep local board advised of current

AS YOUR MINISTER SEES IT

By HERMAN C. RICE

(Pastor, First Baptist Church)

It was after visiting hours, but the nurse in charge gave me permission to see a couple of Twin Falls boys in the Blue convalescent hospital at Idaho. Before seeing the boys I had a chance to look around a few moments and was really rewarded.

Rev. Rice

It was recreation time for the 40 patients and they were making the most of their opportunity for relaxation. Some were playing simple games. One little fellow on crutches was chasing a little girl who had been teasing him. Laughter and a generally gay spirit were manifest on every hand.

This prepared me for a quick look in the iron lung section. One of the two lungs was occupied by a charming little girl. Apparently she had had refreshments and was still attempting to get the last drop from the two straws she had used. A look of contentment was shining in her face.

The approach of one of the Twin Falls boys interrupted the briefing. He was coming from the start ahead of the schedule these youngsters go through each day. A schedule calling for manipulation and exercise and study. The nurse was saying we work them pretty hard here when my eyes fell upon a handsome young fellow coming down the hall leaning lightly on one crutch and with a slight limp. But on his face was a most confident smile. I nearly choked on a lump of joy.

He took me into the ward where address, report changes in family or occupation status or report for examination and hospital.

"Pebbles on the Road"

The other lad from our city was engaged in a game with other fellows and they were apparently having a great time. Our conversation was brief but it had something to do with the cheerful surroundings and the obvious progress they were making. And we did not neglect to get in a good word for scouting and how we look forward to their return to active participation at an early date.

Why this lengthy account of a visit to this hospital? For one thing I am sure that every person in good health would come away from such a place with thankfulness in his heart that there are those who are interested in the afflictions of others. Interested to the extent that they do something about it.

For another thing I believe it would be a tonic to everyone who had a chance to see for himself just how these children and young people can "take it" if someone could reverse the situation and have some of these children come into our homes they would put many a grumbler to shame. For there are people who have health, and just about everything that heart could desire, except contentment. The fretting and worrying and stewing and nagging of some of our middle-aged Jesus statement about making mountains out of molehills. I was impressed with the thought that these youngsters of the hospital

Grange Meets

EDEN, Jan. 20—Eden Grange met at 7:30 p. m. Wednesday. Art Koehn, son of Mr. and Mrs. Harold Koehn, Gooding, showed pictures of his European trip. Mr. and Mrs. J. A. Miller were received into the Grange by deacons from Jerome Grange. Applications of Mr. and Mrs. Roy Kennedy were read. Mr. and Mrs. Clyde Montgomery, Mrs. Ed Howard and Roy Gordon served refreshments.

were making molehills out of mountains. A great man once spoke words of wisdom and insight which he said:

"My troubles are but pebbles on the road. Any joys are like the everlasting hills. So it is when I step through the gate of prayer. From time to eternity. When I am in the consciousness of God. My fellow men are not far off and forgotten. But close and strangely dear. Those whom I love have a mystic value. They shine as if a light were glowing within them."

Folks in King Hill Travel, Entertain

KING HILL, Jan. 20—Mr. and Mrs. Ted Moore have left for Portland and Seattle.

Blue Allen, who has been recalled to active duty in the army, has left for Ft. Ord, Calif. Mr. and Mrs. George Allen and daughter, Boise, have been visiting relatives and friends in King Hill.

RAINBOLT'S

Moving Phone 354 Storage

Poison Suggested For Farm Pests

RUPERT, Jan. 20—Wm. O. Priest, county extension agent, said today that the winter is the most effective time to carry out control measures against beet rabbits and sparrows.

The winter snow forces them out into the open onto concentrated feeding grounds thereby making a poison campaign easy to carry out, he said. The use of strychnine grain for sparrows and strychnine hay for Jack rabbits is one of the most effective poisoning methods, he added. Strychnine grain for use against sparrows can be purchased at the county agent's office.

PHONE

Your Telephone takes a smaller part of the family budget than 10 years ago!

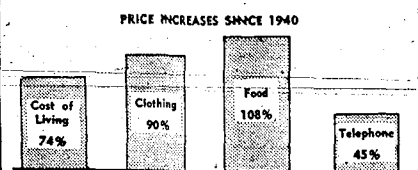

When you compare the increase in the price of telephone service with the increased cost of other products and services, the telephone stands out as one of the best buys in the family budget. The average family income has increased more than has the cost of telephone service.

Here is an interesting list of price comparisons taken from one of Idaho's daily newspapers, in 1940 and 1950:

	Sept. 1940	Sept. 1950	Increase
Men's work shoes	\$2.49	\$ 6.90	UP 177%
Peanut butter	.29	.61	UP 110%
Coffee	.25	.83	UP 232%
Tires	7.45	16.95	UP 128%
Flour	.19	.41	UP 116%
Shoes	.99	2.59	UP 162%
Floor lamps	6.95	15.95	UP 130%

The average increase in residence and rural rates is 45%.

See how this compares with three commonly used yardsticks:

The number of telephones in most communities has doubled—you can call more people, more can call you. "In terms of convenience, usefulness, time and trips saved, your telephone gives you an increasingly valuable service."

If we secure the new rates we have requested, we can go ahead with the proposed \$18,000,000 expansion program which will bring additional telephone facilities to every Idaho community.

The Mountain States Telephone & Telegraph Co.
